#### Clarification of News Report

Chelsea Logistics and Infrastructure Holdings Corp. would like to clarify the news articles which appeared in various newspapers on September 8-9, 2019 which read:

“Third telecommunications player DITO Telecommunity Corp. of Udenna Corp. and China Telecom said it will invest P20.5 billion over a five-year period to build a data center in Clark Global City, Pampanga.

DITO said in a statement it subleased an eight-hectare property in Clark Global City to house its main data center.

The DITO Telecommunity Data Center, a critical component to begin DITO’s commercial operations, will be designed after Google’s campus-style headquarters, to hold operational departments, network operations center, servcall center and regional center. It will also serve as the hub for DITO’s research and development in the telecommunications space.

‘We are excited to build an iconic DITO Campus here in Clark,’ DITO chairman Dennis Uy said.

‘This is a clear indication of our commitment to provide world-class telecommunications services that the Filipinos deserve and to continue to prime Clark Global City with quality locators,’ he said.

The company said it would hire 800 Filipinos in the first year and a total of 4,500 by the fifth year. DITO said the initial investment would reach P13.6 billion in the first year to be supported by P6.9 billion in the next four years.

....

DITO said the initial investment would reach P13.6 billion in the first year to be supported by P6.9 billion in the next four years.

....

‘We look forward to starting the construction in three months, as we are more than excited to spur business development in Clark,’ Udenna Land president Wilfredo Placino said.

....”

Chelsea Logistics confirms that the information stated in the articles is accurate and appear to have been taken from the application of Mislattel/DITO submitted to, and already approved by, the Clark Development Corporation.
