"NEW telecommunications company DITO Telecommunity Corp. is targeting to corner nearly a third of the market in two to three years, as its officials pointed to recent deals aimed at a speedy delivery of its commitment.

In a statement on Sunday, the China-backed firm said that it aims 'to capture 30% of the market within the first few years of operations with its commitment to fully comply with its mandate of providing world-class telecommunications services that the Filipinos deserve.'

Tamano, DITO chief administrative officer said: 'A few weeks ago, we reported that DITO Telecommunity has signed initial memoranda of agreement with SkyCable and Chavit Singson's LCS Holdings; and we have in fact rejoiced at the groundbreaking of the first-ever common tower in Ilocos Sur. This time we have again signed a number of agreements specifically with China Energy Equipment Co.
