Damuy

Chelsea Ship Management & Marine Services Corp. (CSMMSC), the ship management company of the Chelsea Logistics Group, received its ISO 9001:2015 Certification, following the completion of ISO audit requirements on 17 January 2020.

An ISO 9001:2015 Certification is a vital part of an organization's efforts to achieve sustainable development. Adopting a Quality Management System (QMS) guides an organization in the improvement of its internal and external processes and policies in order to achieve customer satisfaction.

CSMMSC satisfactorily passed the Stage 2 Audit for ISO 9001:2015 Certification, manifesting the readiness and effectiveness of the Company's QMS. It went through a rigid evaluation process for 3 months, to ensure the QMS is completely implemented across the Company. With this certification, CSMMSC customers and stakeholders can expect improved consistency on quality service, as the Company is now driven by the seven (7) management principles defined under ISO 9001:2015: Customer Focus, Leadership, Engagement of People, Process Approach, Improvement, Evidence-based Decision-making, and Relationship Management.

Chelsea Logistics President & CEO Chryss Alfonsus V. Damuy said: "We are proud and thankful for this milestone. Knowing that the Company's Quality Management System or its ISO 9001: 2015 Certification evidence reliability and consistency in providing products and services that meet customer and regulatory requirements, we at Chelsea Logistics are ready and even more inspired to improve the overall performance of our customer-oriented services."

###

ABOUT THE COMPANY

Chelsea Logistics and Infrastructure Holdings Corp. (C) is the fastest growing shipping and logistics company in the Philippines. Established on 26 August 2016, CLC was created to act as the holding company of the shipping and logistics arm business segments of the Udenna Group of Companies.
